Getting proof of your COVID-19 vaccination

Your **immunisation history statement** shows all vaccinations you've had that are recorded on the Australian Immunisation Register, including your COVID-19 vaccinations.

Your vaccination provider needs to record your vaccinations on the AIR for them to appear on your statement. This can take up to 10 days.

Once you've had all required doses of an approved COVID-19 vaccine, you can get a **COVID-19 digital certificate**.

You can get proof of your COVID-19 vaccination through:

- My Health Record
- Medicare online account
- Express Plus Medicare app
- Individual Healthcare Identifiers (IHI) Service
- Australian Immunisation Register

My Health Record

If you have a My Health Record:

1. Sign in to your **myGov** account (my.gov.au) and choose **My Health Record.**
2. Open your My Health Record.
3. Get proof of your vaccinations from your **Record Home** page or from your **Immunisations view** page (select **Documents, Immunisations**).

If you don't have a My Health Record, but have a Medicare card:

1. Sign into myGov (my.gov.au).
2. Select **Services** and link to My Health Record.
3. Verify your identity and create a My Health Record. Make sure to select 'Yes' to include immunisations information (Medicare information) in your My Health Record.
   To verify your identity, you may need to answer questions about your Medicare details. Your answers must match the details stored by Medicare.
4. Open My Health Record and select your name.
5. Get proof of your vaccinations from Record Home or Immunisations view (select Documents, Immunisations).
